One 5 Card Cash Ticket in Monmouth County Wins \$104,216 by going *ALL IN* on a Royal Flush

TRENTON (Jan. 23, 2019) – James Carey, New Jersey Lottery acting executive director, announced that there was one progressive jackpot winning ticket sold on Tuesday, Jan. 22nd for 5 Card Cash. The ticket had a Royal Flush winning a \$5,000 prize, and was purchased with *ALL IN*, winning the progressive jackpot of \$99,216. The winning ticket was purchased at **7-Eleven #11044, 300 Route 71, Spring Lake Heights in Monmouth County.**

5 Card Cash features two ways to play at just \$2 per game, “Win Now” and “Win Tonight.” Tickets are Quick Pick only. In the “Win Now” section of the ticket, a player wins if their hand is a traditional winning poker hand. Players may add the *ALL IN* option to their ticket purchase for an additional \$1 per hand. The *ALL IN* feature offers a progressive jackpot that starts at \$10,000 and grows with every *ALL IN* purchase until it’s won. With *ALL IN*, players who have a Royal Flush in their hand win the entire progressive jackpot.

The “Win Tonight” evening draw is a traditional match game. The drawing will produce five winning cards and players simply need to match the cards printed on their ticket with the cards drawn for prizes up to \$100,000. Tickets can win in either “Win Now” or “Win Tonight,” or both.

5 Card Cash drawings are held seven days per week. 5 Card Cash tickets cannot be cancelled even when printed in error.
